Lili,

It was great to meet you yesterday morning / afternoon while I was having breakfast with Susan. Your venue continues to be beautiful, and the views are always inspiring! As you know, I'm not only the Chair of the RPV Planning Commission, but am also running for City Council this November. I would like the opportunity to sit down with you and your team to discuss your issues / concerns and possibly gain your support. Please let me know what your calendar looks like over the next couple of weeks, hopefully we can find a time to discuss the issues.

Sincerely

Dave Bradley
